Room Restaurant
Traditional

Room Manchester opened its doors at the end of 2005. Situated on 81 King Street in the centre of the commercial and shopping district the restaurant and bar overlook this very famous shopping street from its first floor position.

The menus are influenced by retro dishes which one might have found in a British pub or restaurant during the 1970's/80's with every dish served offering a contemporary twist to its classic original! The cocktail list is bursting with creativity and colour.

Room is perfect for business lunch, a shoppers retreat or just to drop in for a cocktail or a coffee.

At night the restaurant really comes alive. While DJ's play the bar and restaurant buzzes with atmosphere. Take a window seat and enjoy your Room with a view!
